**COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE**

Dear Sir:

The present application was allowed on October 29, 2009. Applicant gratefully acknowledges the Examiner's efforts in connection with the present application.

Comments that accompanied the Notice of Allowance (page 2) stated "[T]he Applicant's invention is directed to executing a application that uses a data product having first and second part, where the access to the second part is dependent on first part."

Applicant notes that the phrase indicated in the comments of "where the access to the second part is dependent on first part" is not present in any of the allowed Claims.

Comments on Statement of Reasons for Allowance

Additionally, Applicant did not argue this phrase with respect to the allowed Claims. Accordingly, Applicant submits that the phrase "where the access to the second part is dependent on first part" should not be used to construe the allowed Claims of the present application.

Respectfully submitted,
